FIRST CIRCULAR

Moscow International School of Earth Sciences - 2016

May 23-28, 2016
Moscow, Russia

Vernadsky State Geological Museum RAS
Vernadsky Institute of Geochemistry and Analytical Chemistry RAS
Lomonosov Moscow State University

Supported by RSF №15-17-30019
This annual school is dedicated to increasing the level of students’ and alumni’ education from CIS and EU countries specialized in the different disciplines of Earth Sciences (Petrology, Mineralogy and Geochemistry, Engineering and Marine Geology, Ore Geology, Dynamic Geology etc.). One of the most important aims of this school is to internationalize the science and the whole system of Education in CIS’s Universities and lead it up to the current international level.

The information given below includes details on the ISES-2016 themes, and the likely costs of lodging at Moscow, meeting registration fee, the mid-meeting excursion options.

**School Themes**
- Geodynamics and Magmatism
- Deep Mantle Processes
- Magmatism and Ore Deposits
- Novel approaches to Earth Understanding
- Structures and Energetics of Mineral Crystalline Lattices of the Earth Geospheres and other planets (theory and measurements)

**Venue**

The main sessions of the ISES-2016 will be held in the famous historical building of the Vernadsky State Geological Museum in the historical center of Moscow, the capital of Russia. It was established by initiative of famous Russian scientist V.I.Vernadsky in 1910-1911 as the geological museum of the Moscow State University. There are Kremlin and Red Square in 3 minutes’ walk, in 10-15 minutes you can reach the most famous pedestrian street - the Arbat, there are Pushkin Art Museum and Christ the Savior Cathedral around as well.
The last decade of May is the pleasant time in Moscow. Usually it is warm and sunny, a lot of flowers and trees in bloom. The average temperature is about +20-22 °C. The May is the best month for visiting Moscow.

**Preliminary Program**

<table>
<thead>
<tr>
<th>Venue</th>
<th>Vernadsky State Geological Museum of Russian Academy of Sciences (SGM RAS)</th>
</tr>
</thead>
</table>
| **May 23** | Accommodation, Registration.  
The Opening Ceremony. Report of the ISES-2016 Scientific President  
Excursion: Vernadsky Institute of Geochemistry and Analytical Chemistry of Russian Academy of Sciences with dinner |
| **May 24** | Lectures by leading Russian and international scientists.  
Scientific oral presentations and poster session  
Excursion: SGM RAS |
| **May 25** | Special Day of **Geodynamics and Magmatism**  
Lectures by leading Russian and international scientists.  
Scientific oral presentations and poster session |
| **May 26** | Special Day of **Deep Mantle State and Processes**  
Lectures by leading Russian and international scientists.  
Scientific oral presentations and poster session  
Excursions: Kremlin and Armory |
| **May 27** | Special Day of **Magmatism and Ore Deposits**  
Lectures by leading Russian and international scientists.  
Scientific oral presentations and poster session  
Excursions: Lomonosov Moscow State University (geological department) |
| **May 28** | Special Day of **Novel approaches to Earth Understanding**  
Lectures by leading Russian and international scientists.  
Scientific oral presentations and poster session  
Closing ceremony. Banquet. |

**Language of the School:** English
**Organization Fee:** Free

Organization committee provides: Participation to scientific sessions and exhibition, symposium Materials, 2 x Tea / coffee breaks per day.

**Organizers have provided prizes for the best oral reports in each session.**

**Early registration of young scientists:**
The Organizing Committee will provide free accommodation and breakfasts for outstanding young scientist (<35 years) in case of early registration. Candidates to financial support should send registration forms before **Jan 10, 2016.**

**School days timetable:**
Morning session will start at 10:00 a.m. - The session of lectures.
We are planning to organize 3 lectures per day, 50 min. each + 10 min for questions and breaks.
At 14:00 (after lunch) scientific discussions and debates (12 min + 3 min) will be started.
The sessions of the stand reports or excursions will be started at 17:00.

**Abstract submission:**
Abstracts should be sent to the ISES-2016 via e-mail.
Abstracts must be prepared using the following conditions: 2 pages (A4) maximum including figures and tables, use 11-point font Times New Roman, 2.5 cm fields from all sides.
TEXT: Single space all text, double space before and after heading.
TITLE: ALL CAPS, single space and centered at the top of the first page.
AUTHORS: Author(s) should be centered below title with an indication of the name of the institute and e-mail. **Highlight in bold the spokesperson, please.**
for example:

E.I. Petrov\(^1\), I.E.Sidorov\(^2\), P.I.Ivanov\(^1\)

1 – Lomonosov MSU, e-mail address

**Abstracts deadline is March 31, 2016**

**Mid-meeting excursions:**
Diamond Fund or Kremlin Armory
Lomonosov Moscow State University
SGM RAS

**Contacts:**
e-mail: ises2016@yandex.ru
**tel:** +7(495) 629-77-16 or
More information will be available in Jan 2016 on the web-site: [http://www.ises2016.ru](http://www.ises2016.ru)
Moscow International School of Earth Sciences  
(I.S.E.S. – 2016)  
Early registration deadline is Jan 10, 2016  
(Registration deadline is Feb 1, 2016)

Registration form

Please, e-mail it in MS-Word file or fill on the web-site: http://www.ises2016.ru
If you can speak Russian, please, duplicate your name, affiliation, and presentation title in Russian

First name: ________________________________
